

## George & Dragon – History

The present town owes its importance to Edward I's Castle, but before that was built PORTH WGYR (as the town was originally called) ranked as one of the chief ports of Britain. In 1296, the year in which the Castle was completed, Edward I fortified the town and incorporated it by charter under the name of Beaumaris, a name evolved by him from Beau and Marias (Marsh). Near the old Town Hall (now demolished) stood the Stocks, the Ducking Chair and the Pillory. An eighteenth century writer comments on their disappearance: "It's a pleasing proof of improved morality that the constant exhibition in-terrorem of these instruments of civic justice is no longer necessary."
